Subject: FW: Speight & Runyan Claims

Mr. Speights:

As we discussed generally last Monday, I am forwarding for your consideration the attached list of 374 claims filed by your firm. The Debtors in Grace's Ch. 11 proceedings hereby request that Speights & Runyan withdraw each of the 374 claims on the grounds that they lack certain fundamental prerequisites of asbestos property damage claims in this bankruptcy. Specifically, the claims contain one or more of the following deficiencies:

(1) the claims were filed on behalf of buildings or construction job sites, not on behalf of persons or entities with legally cognizable interests in the properties in question such as would give them standing to assert the claims;

(2) the claims were filed on behalf of construction companies, building supply stores, paint and plastering contractors, and other similar businesses that may have purchased Grace products but lack any legally cognizable interests in the properties in question such as would give them standing to assert the claims;

(3) the claims lack street addresses (and in a few cases, city addresses).

To the extent the claims identified on the attachment are not withdrawn, Grace reserves the right to seek dismissal of the claims by the bankruptcy court and any other appropriate relief.

By providing the attached list at this time, I do not believe there is a need for us to meet in Miami on Wednesday, as we had discussed. Let me know if you disagree.

Richard C. Finke
